Single-point latch

Double-tier locker compartments

PRO LINE Z LOCKERS

The Pro Line Z Locker from GSS Lockers has been designed to provide for storage of longer garments in a 2-tier configuration. The Pro Line Z is an ideal locker for adult use in any environment.

Manufactured by GSS Lockers to our exact specifications, this locker will be maintenance free and retain its appearance for many years.

Doors are full double-pan all-welded construction with a full-length hinge for long life and secure storage of your valuables. The lockers are the strongest, most secure lockers available in the marketplace today.

APPEARANCE AND PERFORMANCE

Pro Line Z Lockers are designed for use in educational, institutional, industrial, commercial, mining, sports, golf and government facilities.

Available in many custom color powder-coated finishes. Purchase assembled, knocked down or fully-welded bodies.
